

ALBZ	Technical Datasheet
-------------	----------------------------

Chemical Name	ALUMINIUM BENZOATE	
Grade Name	ALBZ	
CAS No.	555-32-8	
HS Code	29163140	
EINECS No.	209-091-3	
Molecular Formula	C21H15AlO6	
Synonyms	<ul style="list-style-type: none"> • BENZOIC ACID, ALUMINIUM SALT • ALUMINIUM TRIBENZOATE 	
TEST	SPECIFICATION	METHOD
Appearance	White, Crystalline solid	Visual
Purity by elemental analysis %	Min 98	AAS
Moisture %	Max 1.5	Thermogravimetry
% Aluminium	6.8-7.0	AAS

<p>Product Information:</p> <ul style="list-style-type: none"> • Fuel in pyrotechnics. • Nucleating agent for propylene-ethylene block copolymer. • Ingredient in pigment for plastics.

<p>Product Handling & safety: Please refer to our product MSDS for specific instructions on handling this product.</p>

<p>Product Registration:Aluminium benzoate is approved for use in food contact polymer as per the following chapter headings.</p> <p>Title: 21- Food And Drugs Chapter: I- Food And Drug Administration Department of Health And Human Services Subchapter: A- General Part: 82- Listing of certified Provisionally Listed Colors And Specifications. Subpart: C- Drugs and Cosmetics Section: 82.1051- Lakes (D&C).</p>

<p>Product Disclaimer</p> <p>Important : This statement supersedes any Buyers documents. Seller makes no representation, Warranty, Express or Implied, Including of Merchantability of Fitness for a particular use, or purpose.</p> <p>No statement herein is to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence breach of warranty, strict liability, and tort or contact rising in connection with product(s). Buyers sole remedy and Sellers sole Liability for any claims shall be buyers purchase price. Data and results are based on controlled or lab work and must be confirmed by the buyer by testing for its indented conditions of use.</p> <p>This product is not been tested for, and is therefore not recommended for, use for which prolonged contact with mucous membranes, abraded skin, or blood is intended, or for use for which implantation within human body is intended.</p>
