## COMPANY PROFILE

### (DEPARTMENT OF BUSINESS DEVELOPMENT FORMAT)

#### POLYMER ADD (THAILAND) CO., LTD

**Polymer Add (Thailand) Co., Ltd.** is a specialized manufacturing company focused on **micronised polymer additives, cryogenically-ground materials, and customized one-pack additive blends** for plastics and packaging applications. Our operations combine advanced powder-processing capabilities with strict quality control and international compliance standards.

#### Core Manufacturing Capabilities

- Micronisation of polymers and additives (D100 < 30 µm)
- Cryogenic grinding (EVA, LDPE/LLDPE, PP waxes, PE waxes, specialty polymers)
- One-pack and customized additive blends
- Fine powder preparation for PVC, PP, PE, EVA, masterbatch, and specialty applications
- Sieving, repackaging, blending, and toll-processing services

#### Key Product Categories

- Polymer additives (nucleating agents, slip agents, lubricants, antioxidants, clarifiers, stabilisers)
- Micronised salts, fillers, and specialty powders
- Food-contact compliant additives (Sodium Benzoate, Potassium Benzoate, GMS 90%)
- Customized dry blends for plastics and elastomers

#### Legal & Industrial Compliance

- Registered manufacturer with the Department of Business Development (DBD)
- VAT Registered (ภ.พ.20)
- Factory License (รง.3/รง.4)
- Industrial Operator Registration (อุตสาหกรรมจังหวัด)
- ISO 9001:2015 Quality Management System
- EU 1935/2004, ROHS, Heavy Metals declarations available
- Korea REACH / JCII registrations available where applicable

#### Quality & Laboratory

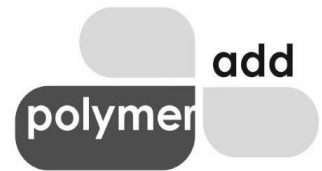

- Particle size analysis (D10, D50, D90)

# Polymer Add (Thailand) Co.,Ltd.

- Sample preparation and QC testing
- Batch traceability and documentation
- Controlled processing environment for food-contact additives

## Business Activities

- Manufacturing and supply of polymer additives & micronised powders
- Import–export and distribution of chemical raw materials
- Contract grinding, toll-processing and specialty custom formulations

## Commitment

We aim to provide consistent, high-quality micronised materials and additive solutions to customers in Thailand, Asia, Europe, and North America, supported by transparent documentation, manufacturing compliance, and reliable service.
